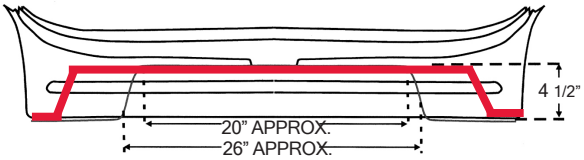
FIREWALLS & TECHNICAL INFO

749100 49-52 FIREWALL KIT
This kit will handle small or big block engines easily.



749100 49-52 CHEVY FIREWALL
(4 1/2" SET-BACK) 26" Wide

These references are to help you decide which firewall kit will best fit your particular application. There are many factors which will affect your choice of kits; engine set-back, radiator core thickness, air conditioning or super chargers. You need to determine the length of the engine package you intend to install & then figure out the distance you have from the back of the radiator core to the stock or existing firewall. To do this you will know how much extra room or set-back you will need. The firewall only fits in one place in the body, but your engine can be moved forward or backward as much as needed to obtain proper clearances. If you have any questions, please call our customer service dept. @ **(928) 420-6346.**

FRONT FLOORBOARD KITS

749108 FRONT FLOORBOARD KIT
Matches up to 749100 Firewall Kit (goes back to front edge of the stock seat riser for those using stock seats)

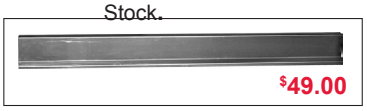
ROCKERS

749118 49-52 OUTER ROCKER
44" Long & made of 16" gauge cold rolled steel. Thicker than Stock.



749119 49-52 INNER ROCKER
44" Long & made of 16" gauge cold rolled steel. Thicker than Stock.

NOTE: If the outer is rusted, the inner is usually rusted too. Be sure & check.

APRON KITS

749140 49-52 SMOOTH APRON KIT **749135 49-52 LOUVERED APRON KIT**

The 1949-52 fender aprons are ugly , also they are either rusted or drilled full of holes.

If you're like most Street Rodders, you want your engine to look really trick. Bitchin Parts manufactures a really "Bitchin" set of front fender aprons. It can be purchased either smooth or Louvered. Each kit is made of 18 gauge steel & comes with instructions, new stone guards & mounting brackets.

UNIVERSAL FLOORS

901030 $325 All Purpose Front Floor Kit

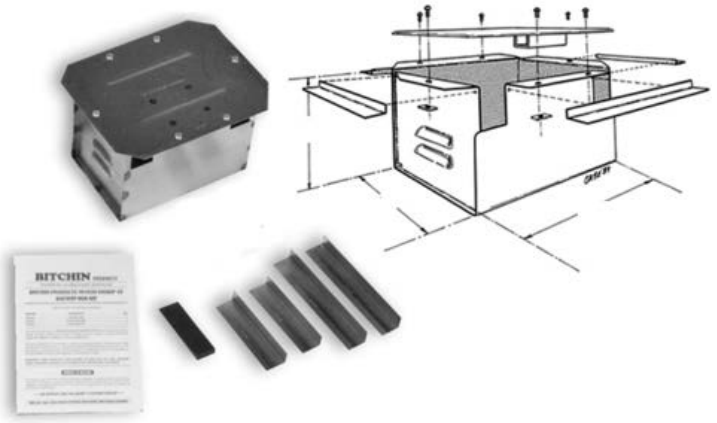
901035 $325 All Purpose Rear Floor Kit

BATTERY BOXES

BATTERY BOXES

Group 42	**901020**	**$110.00**
Group 71	**901006**	**$110.00**
Optima Box	**901040**	**$110.00**

Mounting a battery in a street rod has always created problems, some major ans some minor. Our battery box kits will solve most of the problems. The universal mounting brackets supplied with these kids allow you to choose the mounting method which best suits your application, including flush floor mounting, side mounting, or halfway through the floor for extra ground clearance. We offer three kits. The positive battery hold down, adequate ventilation & cable protection give added security to your battery installation.



Group 42: 9 3/4 L x 7 W x 7 1/2 H
Group 71: 8 1/2 L x 7 1/4 W x 9 1/4 H
Optima: 10 1/2 L x 7 1/4 W x 8 1/2 H
